

# February Meeting Agenda

ERIE ELEMENTARY SCHOOL PTCO THURSDAY, 7 FEBRUARY 2019

## February PTCO Happenings:

- Changes to **PTCO meetings** going forward: Thanks to the helpful, honest feedback we received from our survey, we plan to make some changes in hopes we can use our monthly hour with you more effectively:
  - Prior to monthly meeting, I will post our agenda (this thing you are reading now) with all the updates and information we'd like you to know on our Facebook page. I will also ask Mrs. Eker to forward it to parents via Email. (If there is another way you would prefer to receive it, please let me know.) This will eliminate the need for me to read it to you during the meeting. Hard copies will still be provided at the meetings.
  - For the actual meeting time, we will continue to hear updates from Mrs. Eker (10 min) and from our teacher/staff headliner (10 min).
  - The remaining time will be spent in two-way communication with all parents present about

upcoming events, plans, new ideas, etc. (For this month's meeting specifically, we will be discussing the year's events, which ones to bring back next year, and whether we want to add anything new or take away anything in 2019-2020. Your input would be appreciated!)

- Dinner and childcare will still be provided.
- We hope to create more involvement, idea sharing, and community through these efforts!
- The PTCO is excited to partner with Mrs. Stem to bring the **Thorne Institute** to Erie Elementary. Each class will have three one-hour sessions with an environmental specialist: The first two sessions are full of content and activities, and the last day, with a compilation of photos and content from the previous two sessions, students will be making a digital book of their learning. The program benefits every student K-5 at EES, and the cost is \$3000, funded fully by your PTCO. Thank you for your part in restaurant nights, the Jog-a-thon, and free money opportunities that allows us to say "YES" to our wonderful teachers and their dream enrichment opportunities. Here is the program schedule:

Thank you SO MUCH to the parents that helped with set-up and clean-

up!

The indoor snow ball fight at The Snow Ball was a big hit with both kids and parents!
